DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The Examiner's amendment was done to correct a minor omission in claim 1. This correction was made on the basis of a similar presentation found in claim 21.

The application has been amended as follows:

In claim 1:

- a. On line 15, insert --on-- between "based" and "the".

Allowable Subject Matter

2. Claims 1-32 are allowable.
3. Claims 1 and 21 are allowable because the prior art of record, taken alone or in combination, fails to disclose or render obvious an apparatus or method for evaluating the characteristics of a sample comprising an intensity modulated pump beam directed to a first spot on the surface of said sample, a probe laser directed to a second spot on the surface of said sample, and, a processor that evaluates the characteristics of said sample based on the first output signals obtained for at least two different lateral displacements of the first and second spots, in combination with the rest of the limitations of the respective claims.
4. Claims 2-20 and 22-32 are allowable because they are dependent on independent claims 1 and 21 respectively, or an intermediate claim.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

6. The information disclosure statement filed 3/10/2004 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each U.S. and foreign patent; each publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered.

The Prior Art listed under "Foreign Documents" and "Other Documents" have not been considered because they were either not submitted by the applicant, or, were missing from the application file and were not available to the Examiner for consideration.
